

The remaining questions v2

All questions that are not here have been provided with a draft answer in the other file

We may wish to answer some of these e.g. those relating to employment growth and opportunities, Green infrastructure, Sustainability (may need to link this to our critique on this subject); and consider a generic response on the other small towns

Education and skills	
10	To contribute towards raising educational achievements and the skills base of our communities through supporting schools, colleges and the University in their provision and development Do you support Objective 9?
Rural communities/community regeneration	
7	To encourage key rural communities to become more sustainable places to live and work Do you support Objective 6? See 4/8?
41	Do you support the policy approach for the rural settlement pattern for WN
42	Do you support the policy approach for the regeneration of communities across WN

40	Do you support the policy approach for the existing and future neighbourhoods	
39	Do you support the policy approach for the hierarchy of centres	
Affordable housing		
22	Do you support the policy approach for affordable housing and particularly the provisions suggested in table 6.1 'levels of affordable housing – from affordable housing SPD sites of 15 or more dwellings'	<p>WN7 How do we provide more affordable homes in WN to meet local needs?</p> <p>By strong management of the process – see WN4 and 7</p> <p>Should we be seeking to increase the provision of housing that is affordable to meet local needs?</p> <p>See previous comments re affordable housing at WN4 (and 7) and WNO1. Affordable housing in a village context is about permitting some smaller dwellings in villages according to identified local needs without diminishing quality and taking account of design and character impacts which are still critical,</p>
Quality housing		
13	To provide quality housing to meet current and future needs of all sectors of our communities	
	Do you support Objective 12?	

17	To achieve high quality design that takes account of character and local distinctiveness, enables access and promotes community safety Do you support Objective 16?	WNO2 Encourage developments that are of the highest design standards and eco friendly Yes. Doing this provides an important opportunity to reinforce and create character that has important resonance and impact in supporting a step change in the character of the economy and the appeal of inward investment – see some of our answers too that contribute to this argument
43	Do you support the policy approach for designing in quality into new and existing developments
